

MATTRESS DESIGN SHEET

STANDARD X-RAY MATTRESS

Diagram of a standard X-ray mattress. The mattress is represented by a grey rectangle. Above the rectangle, a horizontal double-headed arrow spans the full length, with a box labeled "mm" below it. To the right of the rectangle, a vertical double-headed arrow spans the full width, with a box labeled "mm" to its right.

TWO SECTION MATTRESS

Diagram of a two-section mattress. The mattress is represented by a grey shape with a notch on the right side. There are several dimension boxes: a top length box, a left height box, a notch depth box, a right height box, a bottom right length box, and a bottom total length box. A text box on the right contains the text: "Please provide the following measurements".

THREE SECTION MATTRESS

Diagram of a three-section mattress. The mattress is represented by a grey shape with two notches on the right side. There are several dimension boxes: a top left length box, a notch 1 depth box, a notch 2 depth box, a right height box, a bottom right length box, a bottom middle length box, and a bottom total length box.
